The passenger train simulator is a game that aims to create the experience and challenge of passenger train management as accurately as possible. The game is easy to pick up, but hard to finish because the player needs the sophisticated skills to really control it. Are you the next ace train driver...? The real challenge of controlling passenger trains The management and maintenance of passenger trains can be more difficult than it can look, even in a simulator. The passenger train simulator puts you in control of several different trains and gives you the task of getting each of them to their destination in time without slips or delays. When you arrive at the station, you have to stop completely and when you get to the passengers on board - lost status means delayed passengers and a failed mission. Keep a close eye on the shape of the railway line in front of you: if the rails are curved, you need to slow down, otherwise you might derail. But then again, if you slow down too much, you will never manage to get to your destination in time. Think hard and fast! Real Simulation Passenger Train Simulator is designed so that the player feels like they are there and controls trains on the railroad. Every rail enthusiast proves that the activities of trains and tracks have been completely hijacked.3D game. Take control of several passenger trains and run them on time to destinations! You have to transport passengers from the station to the station. Stop your trains completely at the staging points to complete all missions. Try to avoid high speeds in a curved way, otherwise a derailment may occur. This software is intended for school pupils and teenagers, men and women who love small games. High definition graphics, action-packed gameplay, various gameplay features, 3-dimensional graphics, high performance, small file size, easy to play make this software different from other similar software on the market. It takes time to control, but it's rewarding. Captures the mood of passenger train control. The graphics aren't the most amazing. The theme doesn't suit every taste.
